

# **Digital Portfolio**

**STUDENT NAME:** Hiba Manal.K.M

**REGISTER NO AND NMID:** 563A439B4275115B0CE42D0134BAA823

**DEPARTMENT:** B.sc Data Science

**COLLEGE:** Islamiah women's arts and science college/ Thiruvalluvar university

# PROJECT TITLE

**Student digital portfolio using html,css, javascript**

# AGENDA

1. Problem Statement
2. Project Overview
3. End Users
4. Tools and Technologies
5. Portfolio design and Layout
6. Features and Functionality
7. Results and Screenshots
8. Conclusion
9. Github Link

# PROBLEM STATEMENT

**As students, we often struggle to show our talents, skills, and achievements properly. A normal paper portfolio or resume doesn't really show our creativity or technical abilities. It feels too plain and limited.**

**That's why we need a digital portfolio where we can present our projects, hobbies, and experiences in a more interactive and attractive way.**

# PROJECT OVERVIEW

This digital portfolio showcases my journey as a data science student, highlighting skills, projects, creativity, and passions. It reflects my love for learning, coding, art, cooking, K-pop, for my growth, innovation, and future opportunities

# WHO ARE THE END USERS?

The end users are , employers, educators, and students, teacher.

# TOOLS AND TECHNIQUES

**HTML – for structuring the portfolio**

**CSS – for styling and design**

**JavaScript – for interactivity**

**CodePen – for coding, testing, and executing**

# POTFOLIO DESIGN AND LAYOUT

- Simple, modern, and clean design
- Homepage with introduction and goals
- Sections: About Me, Skills, K-Pop & Dance Interests, and BTS theme highlights
- Efficient and easy to use

# FEATURES AND FUNCTIONALITY

- Interactive portfolio with sections on skills and personal interests.
  - Integrated BTS concert highlights, and K-pop inspirations.
  - Responsive design for easy user experience

# RESULTS AND SCREENSHOTS

The image shows two screenshots of a mobile application interface. The top screenshot displays the user profile of "Hiba · Data Science". It includes a bio: "Hi, I'm Hiba – a Data Science student. Curious mind mixing code, creativity, and a love for K-pop. I dream to explore the world, attend a BTS concert, and dance through life." Below the bio are skill tags: Machine Learning, Drawing, K-pop, Dance, and Travel. It also shows statistics: Essay writing 24+ and Dance covers 8. The bottom screenshot shows the "About Me" section with the sub-role "student · artist · dancer". It contains a "Quick Facts" section with a bulleted list: Languages: Python, html; Libraries: Pandas, NumPy, Scikit-learn, Matplotlib; Soft skills: communication, creativity, teamwork. The footer of both screens shows sections for "Skills" and "Travel Goals".

This screenshot shows a mobile application interface. At the top, it lists: "Learned chorus of Dynamite" and "15 min freestyle". Below this is a text input field with the placeholder "What did you practice?" and a purple "Add" button. The next section is titled "Mini Playlist". The footer features a "Contact" section with fields for "Name" (Your name), "Email" (name@example.com), and "Message" (Tell me about your project...). It also includes a "Find me" section with social links for GitHub, LinkedIn, and Kaggle, and a note: "I reply within 24–48 hours."

# CONCLUSION

- Built an interactive digital portfolio using HTML, CSS, and JavaScript
  - Showcased my skills, creativity
- Learned how to combine design and coding effectively
  - This portfolio reflects my likes, dislikes
